## REFLECT

As we begin Lent, we ponder what it means to enter a period of fasting by reflecting on words from Pope Francis' 2019 Lenten Message:

"Fasting, that is, learning to change our attitude towards others and all of creation, turning away from the temptation to 'devour' everything to satisfy our voracity and being ready to suffer for love, which can fill the emptiness of our hearts."

Thirty percent of food grown globally is wasted each year. How is God inviting you "to change your attitude" or practice conversion in your relationship with food or on the issue of food waste this Lent?
